Samajh post-sale feedback review Namoona Bank (synthetic)

SIMULATED Simulated batch: the loan book, the customers and every call are synthetic. No real customer was called.

FEEDBACK UNDER PARA 85Y

Half-yearly report: Namoona Bank (synthetic)

1 January 2027 to 30 June 2027

This batch covers 4 draw(s) made between 8 February 2027 and 1 March 2027: 80 of the 200 loans on the book (sold 4 January 2027 to 4 March 2027) were sampled. It does not cover the rest of the period.

Generated 10 Nov 2026, 10:40 · batch B-2027H1-ec2bdb3e

What this report is and is not

Simulated batch: the loan book, the customers and every call are synthetic. No real customer was called.

- The loan book, the customers and the calls are synthetic and simulated. No real lender, customer or call is behind any number here.
- Customer replies come from scripted phrase banks. They are text only: no speech was recorded or transcribed.
- The share of each finding follows from the mix of customers the simulation assumes. It says nothing about any real lender.
- Each interval is a 95% Wilson interval for sampling alone. It does not cover errors in reading the call or customers who were not reached.
- Findings describe customers who completed the call. Customers who did not answer, declined or ended the call early may differ.
- A referral is a request for a person to look at one call, and nothing more.

Sampling

80 loans were sampled in 4 draws. Each draw is a seeded random selection that can be recomputed from the loan book.

Draws

Draw	As of	Window, days since sale	Size asked	Eligible	Already drawn	Drawn	Seed	Recomputed from the book and matched
D-2027-02-08	8 Feb 2027	0 to 30	20	110	0	20	85	Yes
D-2027-02-15	15 Feb 2027	0 to 30	20	94	15	20	85	Yes
D-2027-02-22	22 Feb 2027	0 to 30	20	88	23	20	85	Yes
D-2027-03-01	1 Mar 2027	0 to 30	20	71	37	20	85	Yes

Reach

102 attempts were made on 80 sampled loans, retries included. Every share below is of the 80 sampled loans.

How far the sampled loans got. Each stage is within the one before.

Stage	Count	Share	95% interval	
Attempted	80 of 80	100%	95 to 100%	
Answered the phone	79 of 80	99%	93 to 100%	
Right person confirmed	69 of 80	86%	77 to 92%	
Completed the call	64 of 80	80%	70 to 87%	

Where the loans without a completed call ended

Final status	Count	Share	95% interval	
Not attempted yet	0 of 80	0%	0 to 5%	
Not reached	1 of 80	1%	0 to 7%	
Someone else answered	6 of 80	8%	3 to 15%	
Identity not confirmed	4 of 80	5%	2 to 12%	
Declined the call	2 of 80	3%	1 to 9%	
Asked to be called later, not yet called	0 of 80	0%	0 to 5%	
Call ended early	3 of 80	4%	1 to 10%	

Timing

Days are counted from the sale to the attempt, not to the draw.

Timing against the 30-day window

Measure	Value	Share	95% interval
Days from sale to first attempt, over the 80 loans attempted	least 0, median 14, most 28	—	—
Completed calls that were completed within the window	64 of 64	100%	94 to 100%
Attempts made after the window had closed	0 of 102	—	—

Outcome of the analysed calls

One outcome per analysed call

Outcome	Count	Share	95% interval
Referred for review	15 of 64	23%	15 to 35%
Incomplete	4 of 64	6%	2 to 15%
Understanding gap (report only)	25 of 64	39%	28 to 51%
No finding	20 of 64	31%	21 to 43%

Findings by rule

Each rule runs on every analysed call. Undecided calls had a gap under the rule and no flag. Referred is the number of the flagged calls that went to a reviewer for that rule.

A paragraph is one that a line may engage. It is not a finding about any sale.

Customers who...	Count	Share	95% interval	Undecided	Referred, of those counted	Paragraph
Understanding of the product (the feedback paragraph, para 85Y)						
could not state the cancellation window on the record Cancellation window	23 of 64	36%	25 to 48%	1 of 64	0 of 23	may engage para 85Y
did not state the cover amount on the record Cover amount	19 of 64	30%	20 to 42%	5 of 64	0 of 19	may engage para 85Y
did not state the term on the record How long it runs	16 of 64	25%	16 to 37%	1 of 64	0 of 16	may engage para 85Y
did not name the product before it was mentioned Naming the product unprompted	8 of 64	13%	6 to 23%	0 of 64	0 of 8	may engage para 85Y
did not describe the product as what the record shows What the product is	7 of 64	11%	5 to 21%	1 of 64	7 of 7	may engage para 85Y
did not state the premium on the record What it cost	4 of 64	6%	2 to 15%	1 of 64	0 of 4	may engage para 85Y
named a product that is not on the record A product named that is not on the record	0 of 64	0%	0 to 6%	1 of 64	0 of 0	may engage para 85Y
Other checks made on the same call						
held a belief about the product that its features on the record do not support Beliefs about the product's features	8 of 64	13%	6 to 23%	1 of 64	6 of 8	may engage para 4(20A)(ii)
did not know the premium was deducted from the loan, or the record shows a deduction with no consent Premium deducted from the loan	5 of 64	8%	3 to 17%	1 of 64	5 of 5	may engage para 85W
gave an account of agreeing that does not match the record, or the record holds no consent Consent	4 of 64	6%	2 to 15%	4 of 64	4 of 4	may engage para 85G
voiced a concern about how the product was sold How the sale was handled	2 of 64	3%	1 to 11%	0 of 64	2 of 2	—
had a product required for the loan with a question over the choice of provider or what the product is Required for the loan	1 of 64	2%	0 to 8%	3 of 64	1 of 1	may engage para 85V

Referrals and reviewer decisions

Referred calls by the reviewer's latest decision

Decision	Count	Share	95% interval
Established by reviewer	2 of 15	13%	4 to 38%
Not established	1 of 15	7%	1 to 30%
Call the customer	1 of 15	7%	1 to 30%
Needs more information	0 of 15	0%	0 to 20%
Awaiting a decision	11 of 15	73%	48 to 89%

Of the referrals with a final decision, 2 of 3: Established by reviewer (67%; 95% interval 21 to 94%).

Findings by loan kind, branch and channel

Each count is of that row's completed calls. Small rows give wide intervals.

By loan type

Loan type	Sampled	Completed	Referred	95% interval	Understanding gap	95% interval
Gold loan	39	31 of 39	10 of 31 (32%)	19 to 50%	10 of 31 (32%)	19 to 50%
Personal loan	41	33 of 41	5 of 33 (15%)	7 to 31%	15 of 33 (45%)	30 to 62%

By branch

Branch	Sampled	Completed	Referred	95% interval	Understanding gap	95% interval
SYN-BR-01	10	6 of 10	0 of 6 (0%)	0 to 39%	2 of 6 (33%)	10 to 70%
SYN-BR-02	16	12 of 16	4 of 12 (33%)	14 to 61%	4 of 12 (33%)	14 to 61%
SYN-BR-03	14	13 of 14	2 of 13 (15%)	4 to 42%	5 of 13 (38%)	18 to 64%
SYN-BR-04	10	7 of 10	2 of 7 (29%)	8 to 64%	5 of 7 (71%)	36 to 92%
SYN-BR-05	22	19 of 22	3 of 19 (16%)	6 to 38%	8 of 19 (42%)	23 to 64%
SYN-BR-06	8	7 of 8	4 of 7 (57%)	25 to 84%	1 of 7 (14%)	3 to 51%

By sales channel

Sales channel	Sampled	Completed	Referred	95% interval	Understanding gap	95% interval
Direct selling agent	22	17 of 22	5 of 17 (29%)	13 to 53%	8 of 17 (47%)	26 to 69%
Lender's app	13	11 of 13	4 of 11 (36%)	15 to 65%	1 of 11 (9%)	2 to 38%
Branch	45	36 of 45	6 of 36 (17%)	8 to 32%	16 of 36 (44%)	30 to 60%

For policy review

Under para 85Y this report is used to review policies and product features. The understanding gaps are listed in the order the report ranks them.

1. **23 of 64 customers who completed the call could not state the cancellation window on the record**
   23 of 64, 36%; 95% interval 25 to 48%; highest at branch SYN-BR-04: 4 of 7 completed calls.
2. **19 of 64 customers who completed the call did not state the cover amount on the record**
   19 of 64, 30%; 95% interval 20 to 42%; highest at branch SYN-BR-02: 6 of 12 completed calls.
3. **16 of 64 customers who completed the call did not state the term on the record**
   16 of 64, 25%; 95% interval 16 to 37%; highest at branch SYN-BR-04: 3 of 7 completed calls.
4. **8 of 64 customers who completed the call did not name the product before it was mentioned**
   8 of 64, 13%; 95% interval 6 to 23%; highest at branch SYN-BR-03: 3 of 13 completed calls.
5. **7 of 64 customers who completed the call did not describe the product as what the record shows**
   7 of 64, 11%; 95% interval 5 to 21%; highest at branch SYN-BR-06: 2 of 7 completed calls.
6. **4 of 64 customers who completed the call did not state the premium on the record**
   4 of 64, 6%; 95% interval 2 to 15%; highest at branch SYN-BR-01: 1 of 6 completed calls.
